

# LEGO ROBOTIC

**Learn teamwork and troubleshooting techniques as you experiment with LEGO Robotics. Students will learn how to identify problems, use teamwork, and use creativity to operate LEGO Robotics while performing exciting missions and tasks. Program robots using input information from sensors.**

**Ages 10-15**

**Instructor: Linda Hamilton**

**Date: Saturdays, Jan. 22nd - Feb. 5th**

**Time: 1:00pm - 3:00pm at Cabell Hall 101**

**MARSHALL**  
COMMUNITY & TECHNICAL COLLEGE™  
DIVISION OF CONTINUING EDUCATION
