

Marshall University's First Annual Halloween Science Bash

WHEN??? NOVEMBER 4TH 2:00-5:00 PM
WHERE??? MARSHALL, SCIENCE BUILDING
WHY??? MAD SCIENTISTS THROW THE BEST HALLOWEEN PARTIES

**CANDY
 HALLOWEEN PLANETARIUM
 SPIDER RACES
 PUMPKIN DISSECTIONS
 COSTUME CONTEST
 HAUNTED LABS
 PET A TARANTULA
 AND SO MUCH MORE...**

Where's the best place to get brains?

**SPONSORED BY WEST VIRGINIA SCIENCE ADVENTURES,
 MU COLLEGE OF SCIENCE & TRI-STATE STEM+**

The Physics Department welcomed K-12 students and families to the College of Science “Science Bash” in the Science Building on November 4th, 2017. This was a Halloween focused family/community science event put on by COS. There were hands-on activities. COS made sure to have traditional stuff like pumpkin carving and everything was intertwined with science fun. It was a Halloween science-themed event. The Physics Department brought the hovercraft built by [Dr. Sean P. McBride](#) so your kids (and you) can float like a ghost through the halls of the Science Building. See pics below of the hovercraft build and the kids enjoying it. A major part of the hovercraft’s success was in no small part due to the time devoted by the [Society of Physics Students](#) members helping to push kids down the hall and hand out recruitment information to interested parents.
